Dear Guardians,

Please be mindful of the changes to after-school for the upcoming 2017-2018 school year!

By now, K-8 families in need of after-school services should have decided and fulfilled their financial obligations with one of the three facilities that NBFA has partnered with— The Shehan Center, Boys & Girls Club, and McGivney Center. ***Do note that students will only be bused to the facilities mentioned above and only when the facility confirms that all obligations have been met.***

Also, keep in mind the following ***start date for each facility*** listed below:

The Shehan Center: [September 11, 2017]

Boys & Girls Club: [September 05, 2017]

McGivney Center: [September 05, 2017]

Buses will not be provided to the Shehan Center during the first week of school, as their enrichment year begins on September 11, 2017. This is a decision that has been made by and should be discussed with the center, if necessary.

Kind regards,

Valore Turner

Academic Dean
